Axceller Rotor kit

Fits Case combine models 1440 to 2388

The Axceller can be installed in the field, requiring no welding or cutting.

Unit comes balanced with only minimal static rotor rebalancing after installation is complete.

Impeller blades are 1/2" thick material and front hub is machined cast.

Improved feeding into rotor takes away feeder house rumble in tough and heavy condition

Increased combine capacity can be achieved in tougher conditions.

Improved fuel economy can be seen.

Lead edge is hard surfaced for maximum longevity

More even distribution of Material over concave and sieve area

Easy installation mounting to existing rotor mounts

ROT-AFK

\$1850

Air Suspension Seat

Fits multiple make
& model applications
A-F10M260
